

Residential Products Price Increase

May 17, 2010~Aluminum Coil & Vinyl Siding

June 30, 2010~Steep Slope Roofing

To: All residential roofing and siding contractors

We have received notifications from GAF, CertainTeed, Owens Corning, Grace Construction Products, Portfolio by Crane and Gentek Building Products announcing price increases for May and June; and A.H. Bennett Company will have corresponding price increases on, *June 30 for Steep Slope products, and May 17 for vinyl siding and aluminum coil*. As stated by the manufacturers, these increases are the result of raw material pressures stemming from aluminum and oil increases, which greatly influence the pricing for these products.

GAF Steep Slope Products and accessories~ 7%

CertainTeed Roofing Products~ 5-7%

Owens Corning~ 7%

Grace Construction Products~ 5%

Gentek Building Products~ 6-8%

Portfolio by Crane~ 6-8%

As always, A.H. Bennett Company will work diligently to help mitigate costs as best we can, and keep you informed of any changes that affect your supply needs. Thank you for your continued support, and should have any further questions, please contact your account manager, or an A.H. Bennett Company customer service representative.
